

## BORDERS AND ORNAMENTS

Border and ornament matrices listed in numerical order on the following pages are sold either singly, at the prices shown, or in sets of 24 ems in length.

Before each matrix number is a prefix, AA, A, B or C. These prefix letters indicate price of the border in sets of 24 ems, as follows:

Class AA (1¼" matrices).....	\$18.50	per set
Class A.....	15.75	per set
Class B.....	12.00	per set
Class C.....	10.50	per set

In addition to the ornaments listed on the following pages, some standard Ludlow matrix fonts include ornament matrices as part of the font. These ornaments may be sold as extra matrices at the sorts price per matrix. They are not priced in sets.

The table below gives the number of matrices comprising a set of 24 ems in length. Also, where such sets of matrices, (because of the odd point size) measure over 24 ems, the number of points over 24 ems is shown.

Point Size Setwise	No. of Matrices to set	Length of Set
6	48	even 24 ems
8	36	even 24 ems
9	32	even 24 ems
10	29	2 pts. over 24 ems
12	24	even 24 ems
14	21	6 pts. over 24 ems
18	16	even 24 ems
24	12	even 24 ems
30	10	12 pts. over 24 ems
36	8	even 24 ems
42	7	6 pts. over 24 ems
48	6	even 24 ems
54	6	36 pts. over 24 ems
60	5	12 pts. over 24 ems
72	4	even 24 ems
84	4	43 pts. over 24 ems
96	3	even 24 ems
